Mission Statement:
Adventist University of Health Sciences, a Seventh-day Adventist institution, specializes in the education of professionals in healthcare. Service-oriented and guided by the values of nurture, excellence, spirituality, and stewardship, the University seeks to develop leaders who will practice healthcare as a ministry.

Message from the President’ Office:
Adventist University of Health Sciences, located near downtown Orlando, specializes in allied health and nursing education. The University works closely with Florida Hospital to give students the clinical experience that only a major medical center can provide. Florida Hospital, a globally recognized medical center, is the largest of more than 350 healthcare facilities, worldwide, operated by the Seventh-day Adventist Church.

In harmony with the mission of Florida Hospital, the University provides an environment where students can develop spiritually, intellectually, socially, and physically while pursuing professional expertise integrated with Christian values.

ADU offers a unique learning environment for our students to become healthcare professionals. We are the only school in Orlando that is part of a world-renowned hospital system. Choose to study at a faith-based institution with a focus on healthcare as ministry and excellence in the classroom.
